

# Eastern Ohio Grazing Council Sponsorship 2019

The Eastern Ohio Grazing Council was formed in 2010 as a joint venture between Soil and Water Conservation Districts (SWCD), the Natural Resources Conservation Service (NRCS), and local forage producers. Since its inception, the Eastern Ohio Grazing Council has inspired farmers in the community to conserve soil and water through rotational grazing, water distribution, and many other Best Management Practices. Today, the counties involved with the EOGC include Carroll, Columbiana, Harrison, Jefferson, Stark and Tuscarawas, with participants from other counties as well. With over 500 attendees at our meetings in 2018, we have continued to grow and have increased promotion of these practices in Eastern Ohio.

The education and promotion of our organization comes at a cost. Advertising events through mailings, printing materials, meals, and meeting supplies are just a few of the expenses that are incurred to make this program a success. We cover these costs with sponsorship/fundraising dollars.
